Wastewater Operator

The Village of Roselle, Illinois (22,760) seeks a full-time Wastewater Operator in the Public Works Department. Roselle is located in the northwest suburbs of Chicago. The position performs technical and physical work in the operation, maintenance, and improvement of the mechanical, electrical, chemical, and biological wastewater treatment equipment and systems associated with the Village's two wastewater treatment plants and the sanitary sewer collection system.

The ideal candidate will possess some knowledge of wastewater treatment operating practices, knowledge in operating wastewater equipment and performing routine repairs to the various equipment, machinery and systems, and knowledge of SCADA systems. A high school diploma (GED or equivalent), a current and valid Illinois motor vehicle operator's license with a CDL endorsement (or capable of acquiring CDL within six months), minimum of three years' experience in the public works and/or construction industry, and desired possession of a Class III Wastewater Treatment Plant Operators Certificate with a minimum of a Class IV Wastewater Treatment Plant Operator's Certificate (or capable of acquiring within twelve months) as issued and recognized by the State of Illinois are required.

This position is responsible for working approximately forty hours (40) each week with occasional overtime and weekend assignments. The salary range is \$53,759 to \$72,203 and the starting salary is dependent upon qualifications and experience. This position, which is a member of Operating Engineers, Local 150 union, receives comprehensive benefits including paid time off, pension, and health and life insurance.

Applicants are required to fill out the Village's Online Job Application at <http://www.roselle.il.us/jobs>. The deadline to apply for this position is Monday, March 25, 2019. The Village of Roselle is an equal opportunity employer.
