

# **JOB OPENING**

## **NMWRD SUPERINTENDENT**

The Northern Moraine Wastewater Reclamation District has an immediate opening for a Wastewater Superintendent. This is an advanced professional, supervisory, technical and administrative position with full supervisory responsibility for all operational aspects of the District's wastewater system, comprised of an extensive collection system and treatment plant. Applicants should have excellent supervisory skills and experience and significant wastewater plant and collection system operational experience and possess an Illinois Class 1 Wastewater Operators license. Other combinations of education, skills, experience and certification may be considered. Excellent oral and written communication skills are required. Starting Range is \$74,793-\$81,026/year, depending on qualifications. Full salary range is \$74,793-\$87,259/year. The District provides excellent benefits, including IMRF beginning on January 1, 2018.

Duties encompass all facets of management of wastewater facility operations, maintenance and repairs on the District's 2 MGD treatment plant and extensive collection system. A minimum of ten years of experience in wastewater operation and five years of progressive supervisory experience is highly desirable.

Applicant should be able to show considerable knowledge of the principals and practices involved in the operation and maintenance of wastewater collection, conveyance, and treatment systems as well as leadership and supervisory skills.

Interested individuals should email a cover letter, resume including professional references to [elecuyer@nmwrd.org](mailto:elecuyer@nmwrd.org). Contact Eric Lecuyer, District Manager at 845-526-3300 ext. 101 with any questions.

The Northern Moraine Wastewater Reclamation District is an Equal Opportunity Employer.
